(U) A 16-year-old student was taken into custody after bringing a “ghost gun” as well as magazine with ammunition to Lincoln High School Tuesday, San Diego Unified School District Police. The incident began around 2:30 p.m. when police received a call from the school regarding a student with a weapon. San Diego Police said school staff reported that a loaded magazine had fallen out of the student’s pocket, when school administrators attempted to search the 16-year-old boy, he became agitated and refused to give up his backpack. After discovering the ammunition, police said administrators locked down the school, keeping the student in the principal’s office as officers responded. When police arrived at the school, the student came out of the office, but “didn’t fully comply,” police added, forcing San Diego Police to deploy beanbags. After the student was subdued, officers found the “ghost gun,” in his pants following a search. The student was given a medical evaluation and then taken into custody.

The term “Incel” or involuntary celibate is used to describe “men who feel unable to obtain romantic or sexual relationships with women, to which they feel entitled to,” according to the report. (U) Miami – A federal judge Tuesday ordered Henry “Enrique” Tarrio, a longtime leader of the Proud Boys far-right group, to remain jailed pending trial on charges that he conspired with followers who planned in advance to threaten Congress and battle police at the US Capitol on 6 January 2021. A US judge ordered Tarrio to be held after federal prosecutors argued that he and co-defendants “directed and encouraged” the actions of Proud Boys members who formed “the tip of the spear” in the breach of the US Capitol. Tarrio poses a risk of flight and danger to the community, prosecutors said, citing his purported efforts to evade law enforcement and discourage witnesses from cooperating.
